

Mobile Fleet Services

Where and when you need them.

Save Time | Increase Productivity | Improve Uptime

Our Mobile Fleet Services are designed for your convenience by providing expert on-site maintenance and repairs. While our commercial truck centers span PA, NJ, MD, and DE, our mobile units are fully equipped to service both trucks and trailers, bringing routine preventive maintenance and common repair services directly to your location, where and when you need them.

Standard Mobile Services

- » On-site fleet maintenance repair
- » Diagnostics and repair for engine, emissions, and anti-lock brake systems
- » Preventive maintenance, including transmission, valves, coolant, etc.
- » General chassis repairs including brakes, wheel seals, lighting, etc.
- » Trailer repair
- » Air conditioning repair
- » Warranty repairs for Mack, Volvo, Hino and Autocar

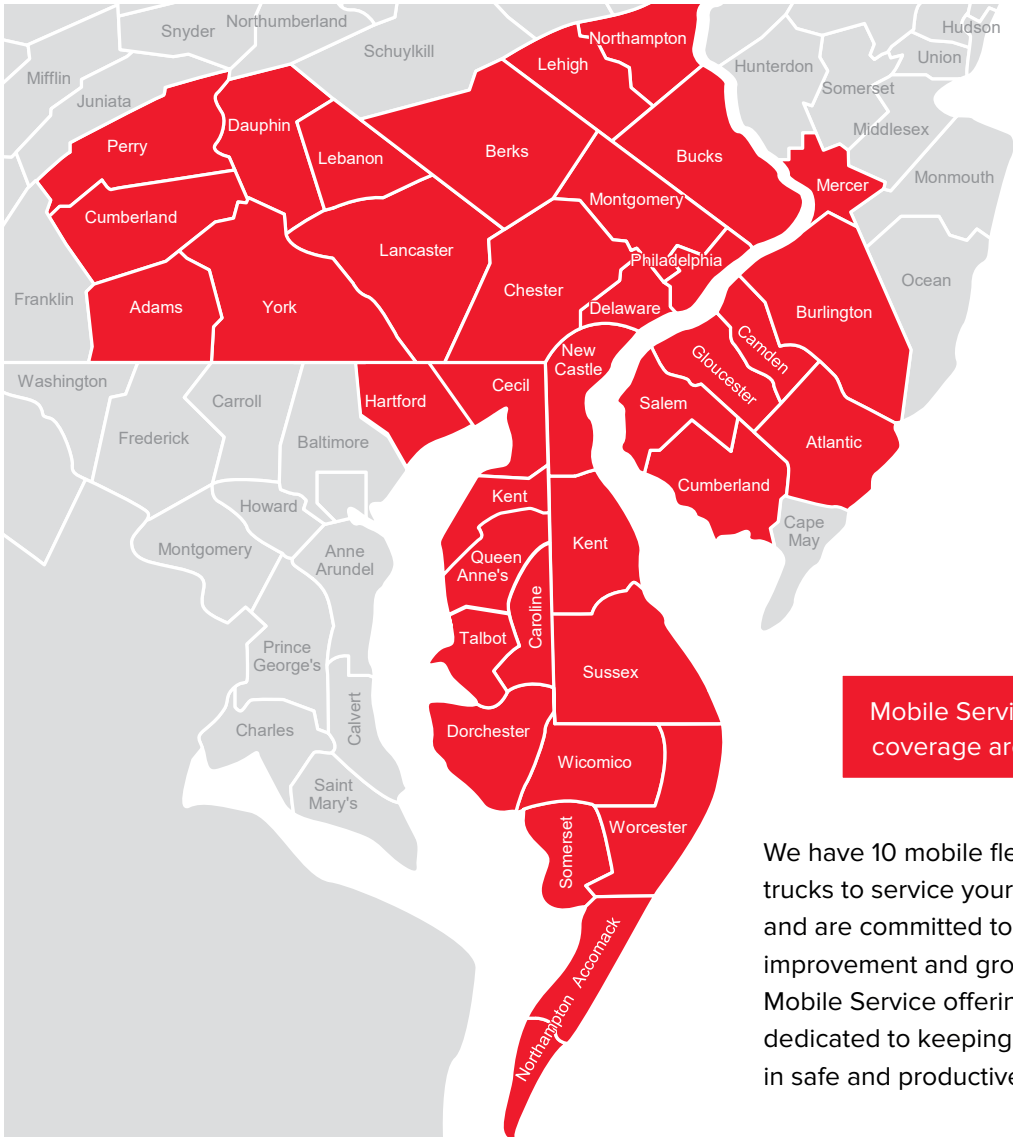

Benefits of Mobile Services

- » Shortened downtime – no waiting on bay and tech availability in the shop
- » Single point of contact for scheduling/updates
- » No towing required, we come to you
- » No contract required
- » No mileage or fuel surcharges
- » No port-to-port costs
- » Minimal call-out fee

Mobile Service Coverage Area

Contact us today for full details on mobile fleet maintenance.

We are excited to partner with you so you can keep your fleet moving. Whether you have one truck/trailer or 100+, we can save you time, increase productivity and improve uptime.
